Almost 2% of children fall somewhere on the autism spectrum. But children become adults, and they need a place to live. In Massachusetts, over 10,000 young people will be scrambling to find affordable, supportive housing over the next 20 years. **Families need to know they are not on their own in creating residential solutions.**

Autism Housing Pathways (AHP) is the only non-profit in the state exclusively dedicated to the needs of families looking for housing solutions for family members with autism or other developmental disabilities. We provide information & training to families and individuals on housing, supportive services and funding streams, empowering them to find or create housing models that are safe and sustainable. AHP also works with service providers and public officials to make them aware of the supports needed by individuals with autism to be successful in a residential setting. **AHP has a 2022 Candid (formerly Guidestar) Gold Seal of Transparency.**

For our spring fundraising event, AHP is hosting an online talent showcase. The live stream will also feature appeal and testimonial videos, a virtual paddle-raise, advertising, and sponsorship acknowledgments. **Please consider a tax-deductible sponsorship.** Our Tax ID number is 27-264564.
