Family Action Meetups (FAMS)

About this event

Each monthly meeting comprises:

- A 15-minute overview of housing for people with developmental disabilities in Massachusetts.
- A brief video description of a housing model, followed by 20-25 minutes of breakout groups.
- Repeat with a second housing model.

Participants have the option of joining a private groups.io email group to discuss housing models and share information. Let's get to know one another!
